Women's Day of Reflection - March 15, 2025
"The Women Who Came Before Us"
 Women had significant roles in the Old and New Testaments and are among the greatest mystics of the Catholic Church including some who have modeled lives of holiness, are incredible strong and courageous women of faith and recognized as saints.
 This retreat will celebrate their genius and value the stories of these holy women who came before us, especially when they lived in times when women were not encouraged or valued. We walk in their footsteps, and we can gain inspiration from them.
